### **JNESO District Council 1 Endorses Roy Cho for Congress**

NORTH BRUNSWICK – Today, the Board of Directors for JNESO District Council 1 announced its unanimous endorsement of Roy Cho for Congress in the 5th Congressional District. JNESO is a professional healthcare union representing 5,000 workers in New Jersey and Pennsylvania, including members at Bergen Regional Medical Center.

“As healthcare delivery in the United States continues to evolve, we need real leaders like Roy Cho who will fight to make sure that our members are given the tools and support they need to continue providing quality care across the state of New Jersey,” said Douglas A. Placa, Executive Director for JNESO.

“We need a representative who will put patient care and safety above special interests and political ideology, and who will fight for our members and other working class families,” said Placa. “Roy Cho will bring a much-needed, fresh perspective to Washington, and we are proud to endorse him for Congress.”

"I am honored to have the support of the health care professionals of JNESO," said Cho. "I am committed to ensuring that our families have access to the highest quality care, and that begins by ensuring that health care workers have the tools and support they need to do their jobs. I will be a strong voice in Congress for the men and women who make our health care system work."
