

St. Mary's General Hospital

350 Boulevard Passaic, NJ 07055 973-365-4301 www.smh-nj.com

August 12, 2021

All Employees

As most of you may have already learned, the recent State mandate requires that healthcare workers in New Jersey receive the COVID-19 vaccine by September 7, 2021 or submit to weekly testing. The COVID-19 vaccine has been proven to be the safest and most effective means of preventing the spread of COVID-19.

We are operating a vaccine clinic every Thursday from 12pm to 8pm and every Saturday from 9am to 1pm. Furthermore, the clinic has available all three vaccines approved by the CDC for administration:

1. Pfizer for Ages 12+
2. Moderna for Ages 18+
3. Johnson & Johnson (Single Dose)

We will keep you informed of procedures that will be put in place at St. Mary's General Hospital to comply with this mandate.
